Welcome to the Ponta Teams Program

The Ponta Teams Program connects qualified construction professionals with project opportunities. It is a two-way project opportunity program designed to build teams that support projects from both Ponta and participating Team Members. All collaboration, coordination, and project support activities are performed using Constructionplace.com.

The program supports two types of project opportunities:

- Projects Ponta identifies through owners, partners, and platform activity
- Projects that Team Members bring forward, where Ponta provides support, structure, and resources

In both cases, approved professionals may be invited to assist with reviews, planning, consulting, or other owner-support services. The purpose of the Ponta Teams Program is to create a collaborative professional network—not a payout program. Members and Ponta support each other by sharing knowledge, resources, and project opportunities, helping everyone strengthen their business, capabilities, and long-term growth.

If you're an experienced professional who values clarity, transparency, and high-quality work, we invite you to apply and join the Ponta network.

Who We're Looking For

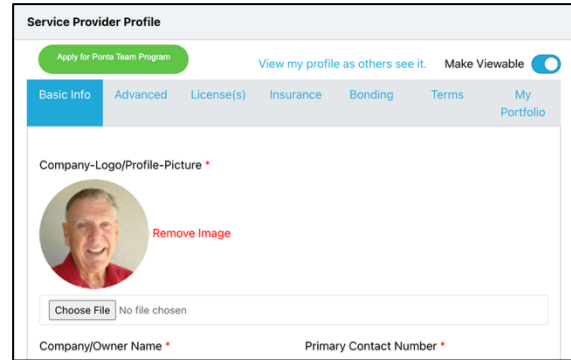

We welcome qualified professionals in:

- Construction
- Architecture/Design
- Engineering
- Estimating
- Project management
- Inspections
- Trades and specialty services
- Owner's representation
- Consulting and advisory roles

If you bring professionalism, experience, and integrity, you may be a strong fit.

Program Restrictions

You are ineligible to participate if:

- Applicable law prohibits your participation
- You provide false information
- You engage in fraudulent or prohibited activities
- You violate any Ponta Terms

You cannot earn payouts on:

- Services you purchase for yourself
- Projects you perform for your own company

If we suspect fraud or violations, we may suspend or terminate your account and withhold payouts.

Payouts & Fee Structure

1. Ponta-Set Fees

For certain standardized services, Ponta sets and collects the published fee from the client. Approved professionals receive 70% of the full published payout for these assignments.

2. Professional-Set Fees

For custom or specialized work, approved professionals may set their own fees. Ponta retains a small 10% program percentage, which is always disclosed in advance before you accept any assignment.

3. International & Special Projects

Fees may vary by region or project type. Any applicable percentage or adjustment is shared upfront so you can make an informed decision.

Always Transparent

Before accepting any assignment, you will see:

- The fee
- Your payout
- Any program percentage

No surprises.
